January 2020

To Whom It May Concern:

Ms. Hillary Adams has been an educator in our school district at Fire Prairie for the past three years - thirteen years total as a visual arts teacher. I have had the opportunity to work with her for the past three years and highly regard the work she does daily with students, parents, and colleagues! Working alongside her is not only a pleasure, but an experience that allows both of us to grow and continuously learn together with our team!

Ms. Adams works in a diverse, high needs population where she has been able to foster relationships with families and students to promote achievement with high expectations and a caring, stable environment. She is able to work with staff in a collaborative manner for academic, behavioral, and social needs of her students. She constantly searches for ways to reach her stakeholders and recognize the positive things they are doing as individuals and to improve in serving her team and their classrooms as places to learn and a place to work. She is dedicated to the FORT O students, families, and her fellow educators!

Hillary truly leads with her heart and always keeps the focus on what is best for the kids! Her students, colleagues, and parents like and respect her and are committed because of her commitment to each of them. She clearly never gives up! She also relates exceptionally well to her colleagues, as she is frank and outgoing and exhibits a pleasant and friendly personality reflective of her positive, optimistic attitude about life. I find her very supportive, collaborative, empathetic, and consistent.

I consider Hillary a capable and dedicated educator and an asset to The Fort Osage School District. It is difficult to find people with her leadership talents, ambition, and drive, and I write this recommendation with the utmost respect for Ms. Hillary Adams, for who she is, what she represents, and what she does daily to support kiddos!

Sincerely yours,
